4TH INTERNATIONAL CONFERENCE ON **SCIENCE TRANSLATION INTO TIBETAN**

26-31 MARCH 2012, 1599 Bldg. Room 6A,
Emory University, Atlanta GA

AS A PART OF EMORY-TIBET SCIENCE INITIATIVE' S (ETSI) MONASTIC SCIENCE EDUCATION PROGRAM, EMORY-TIBET PARTNERSHIP (ETP) IS, FOR THE FOURTH YEAR, ORGANIZING THE INTERNATIONAL CONFERENCE ON SCIENCE TRANSLATION INTO TIBETAN (ICSTT) AT EMORY UNIVERSITY. SINCE 2006 ETSI FACULTY MEMBERS HAVE BEEN DEVELOPING SCIENCE CURRICULUM AND CREATING TEACHING MATERIALS FOR THE TIBETAN MONASTICS, WHICH ARE ALL TRANSLATED INTO TIBETAN. IN-CLASS AND WRITTEN TRANSLATIONS HAVE BECOME ESSENTIAL PARTS OF ETSI' S SCIENCE EDUCATION PROGRAM. KEEPING THIS IN MIND, ETP HAS BEEN ORGANIZING SCIENCE TRANSLATION CONFERENCES TO FACILITATE A RICH EXCHANGE OF IDEAS ON TRANSLATION METHODS, MEANS OF ACHIEVING A HIGHER STANDARD OF ACCURACY, AND IMPROVE THE QUALITY OF SCIENCE TRANSLATION INTO TIBETAN. THE CONFERENCE ALSO AIMS TO FOSTER A CLOSER COOPERATION, COLLABORATION AND EXCHANGE AMONGST VARIOUS INSTITUTIONS WORKING IN THIS AREA. THE CONFERENCE IS OPEN TO THE PUBLIC, HOWEVER, MOST OF THE SESSIONS WILL BE CONDUCTED PRIMARILY IN TIBETAN.
